

## PAGE 23: REPAIR & RESTORATION

As manufacturing silversmiths, our skilled craftsmen are able to undertake the repair and restoration of most Ecclesiastical items in our own Sydney workshop.

Our service includes the repair or replacement of damaged, worn or missing components on gold, solid silver or plated items. Our craftsmen are skilled in fine gold and silver plating.

We are also experienced in the repair and restoration of brassware of all types, including repolishing and lacquering which we bake enamel if requested.

### Obligation Free Quotations

Quotations are available completely free of charge with no obligation, but it is necessary for our workshop to view the articles before any quotation can be given.

After

## Special Commissions

In addition to our comprehensive, Australian made range of silver and brassware, we are also experienced in undertaking commissions for special items in silver, gold and brass. This ranges from manufacturing pieces to customers specifications to producing near replicas of items from sketches or photographs.

Quotations for this service are completely free of charge and without obligation and will be provided on receipt of full details of the required piece.

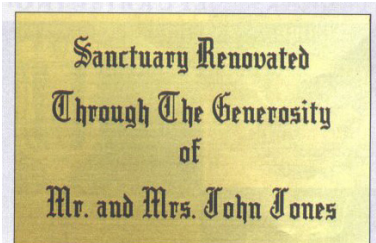

*The picture to the left shows a treasured heirloom, a superbly engraved sterling silver Ploughing Trophy which was awarded to an ancestor of a member of our clergy in 1876. Upon commission, the trophy was fully restored, a lid crafted to match the style and design of the trophy and mounted with a Celtic cross, acknowledging the family origins. The piece has been used for many years as a Ciborium.*

## Engraving

Hand engraved memorial inscriptions or dedications can be undertaken on the majority of gold, silver or plated vessels as well as brasswork.

## Plaques

Memorial plaques and plates are an excellent way to acknowledge the generosity of parishioners. A choice of lettering styles are available and plates for internal use are coated with a tarnish resistant lacquer.

## Metalware Cleaning

Many years of experience has enabled us to establish the best, most gentle but effective cleaners for all church metalware. We recommend the following lines and keep them in stock for immediate purchase.

Riley & William's Silver cleaning cloths  
Riley & William's Silver cleaning gloves  
Riley & William's Silver wash  
Riley & Williams Gold cloth  
Autosol Brass cleaner
