

# Church Stores Vestments

We are proud that all our clerical vestments and tailored accessories are Australian made. They are crafted in our own workroom and are designed to suit both Australian conditions and Ecclesiastic requirements.

## Chasuble And Stole Sets

The Church Stores vestment sets are produced in quality Australian made plain weave fabrics or imported Ecclesiastical brocades. The sets may be custom made from a choice of fabrics, braids and embroideries or chosen from our current stock range. The Chasubles featured on this and the following page are a selection of the current range and are readily available. Matching Stoles which complete the sets, can be found on the following page.
